

Stormwater Pollution Prevention Plan

Borough of East Rutherford

Bergen County

NJG 0141852

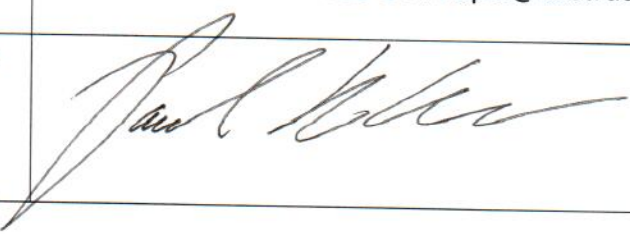

January 2020

SPPP Table of Contents

- Form 1 – SPPP Team Members (permit cite IV F 1)
- Form 2 – Revision History (permit cite IV F 1)
- Form 3 – Public Involvement and Participation Including Public Notice (permit cite IV B 1)
- Form 4 – Public Education and Outreach (permit cite IV B 2 and Attachment B)
- Form 5 – Post-Construction Stormwater Management in New Development and Redevelopment Program (permit cite IV B 4 and Attachment D)
- Form 6 – Ordinances (permit cite IV B 5)
- Form 7 – Street Sweeping (permit cite IV B 5 b)
- Form 8 – Catch Basin and Storm Drain Inlets (permit cite IV B 2, IV B 5 b ii, and Attachment C)
- Form 9 – Storm Drain Inlet Retrofitting (permit cite IV B 5 b)
- Form 10 – Municipal Maintenance Yards and Other Ancillary Operations (permit cite IV B 5 c and Attachment E)
- Form 11 – Employee Training (permit cite IV B 5 d, e, f)
- Form 12 – Outfall Pipes (permit cite IV B 6 a, b, c)
- Form 13 – Stormwater Facilities Maintenance (permit cite IV C 1)
- Form 14 – Total Maximum Daily Load Information (permit cite IV C 2)
- Form 15 – Optional Measures (permit cite IV E 1 and IV E 2)

SPPP Form 1 – SPPP Team Members

All records must be available upon request by NJDEP.

Stormwater Program Coordinator (SPC)	
Print/Type Name and Title	Paul DeRosa Superintendent of the Department of Public Works
Office Phone # and eMail	201-933-3444 dpw@eastrutherfordnj.net
Signature/Date	 1-3-2020
Individual(s) Responsible for Major Development Project Stormwater Management Review	
Print/Type Name and Title	Glenn Beckmeyer Sr PE, PP, CME, CFM
Print/Type Name and Title	
Print/Type Name and Title	
Print/Type Name and Title	
Print/Type Name and Title	
Other SPPP Team Members	
Print/Type Name and Title	Glenn Beckmeyer Sr PE, PP, CME, CFM
Print/Type Name and Title	Glenn Beckmeyer Jr
Print/Type Name and Title	Frank Armstrong
Print/Type Name and Title	Angelo Perrucci

SPPP Form 2 – Revision History

All records must be available upon request by NJDEP.

SPPP Form 3 – Public Involvement and Participation Including Public Notice

All records must be available upon request by NJDEP.

1. Website URL where the Stormwater Pollution Prevention Plan (SPPP) is posted online:	https://www.eastrutherfordnj.net/
2. Date of most current SPPP:	January 2020
3. Website URL where the Municipal Stormwater Management Plan (MSWMP) is posted online:	https://www.eastrutherfordnj.net/
4. Date of most current MSWMP:	February 2007
5. Physical location and/or website URL where associated municipal records of public notices, meeting dates, minutes, etc. are kept:	https://ecode360.com/EA1769
6. Describe how the permittee complies with applicable state and local public notice requirements when providing for public participation in the development and implementation of a MS4 stormwater program:	
<p>For meetings where public notice is required under the Open Public Meetings Act, the Borough of East Rutherford provides public notice in a manner that complies with the requirements of that Act. The Borough of East Rutherford provides public notice in a manner that complies with the requirements of N.J.S.A 40:49-1 et seq. In addition, the borough of East Rutherford complies with municipal actions that are subject to the public notice requirement in the Municipal Land Use Law.</p>	

SPPP Form 4 – Public Education and Outreach

All records must be available upon request by NJDEP.

1. Describe how public education and outreach events are advertised. Include specific websites and/or physical locations where materials are available.

Public education and outreach events are advertised on the borough's website and are advertised at the borough hall through handouts.

2. Describe how businesses and the general public within the municipality are educated about the hazards associated with illicit connections and improper disposal of waste.

Borough's website, ordinances and flyers

3. Indicate where public education and outreach records are maintained.

Borough Hall

SPPP Form 5 – Post-Construction Stormwater Management in New Development and Redevelopment Program

All records must be available upon request by NJDEP.

1. How does the municipality define 'major development'?

Ord. No 253-2 Definitions. "Major Development":

Any development that provides for disturbing one or more acres of land. "Disturbance," for the purpose of this rule, is the placement of impervious surface or exposure and/or movement of soil or bedrock or clearing, cutting or removing of vegetation.

2. Does the municipality approach residential projects differently than it does for non-residential projects? If so, how?

No.

3. What process is in place to ensure that municipal projects meet the Stormwater Control Ordinance?

The Borough of East Rutherford implements the following practices to govern new development and redevelopment projects throughout the Borough:

- 1.) New development and redevelopment are required to comply with the New Jersey Department of Environmental Protection's, Stormwater Management Regulations (N.J.A.C. 7:8);
- 2.) Since the update, the Borough of East Rutherford has not constructed any new development or redevelopment that that would be subject to the Stormwater Management Regulations of Best Management Practices. It is important to note that municipal projects are developed in a manner to mitigate negative stormwater impacts and comply to the maximum extent practical with the above regulation, this includes the installation of compliant storm drains, retrofitting existing storm drains, encouraging groundwater recharge, and reducing standing water;
- 3.) The Borough of East Rutherford also enforces, through **Ordinance Section 21A-8.2** the requirements for trash racks and storm drain curb opens of less than 2 inches and the use of NJDOT bicycle safe grates;
- 4.) Private development requires posting of performance and maintenance bonding to ensure site plan aspects are constructed in conformance with the resolution, including all stormwater management systems.

4. Describe the process for reviewing major development project applications for compliance with the Stormwater Control Ordinance (SCO) and Residential Site Improvement Standards (RSIS). Attach a flow chart if available.

The process for reviewing major development project applications for compliance is as follows:

1. Application and checklist is completed and submitted with supporting documents by the Applicant.
2. Technical review is performed by the Borough Engineer. Review perimeters include:
 1. Municipal stormwater ordinances;
 2. State regulations including N.J.A.C. 7:8 and BMP Manual; and
 3. Approval from outside agencies are required.
3. Engineering review is submitted to the Borough Planning or Zoning Board.

5. Does the Municipal Stormwater Management Plan include a mitigation plan?	Yes
6. What is the physical location of approved applications for major development projects, Major Development Summary Sheets (permit att. D), and mitigation plans?	Borough of East Rutherford Municipal Building 1 Everett Pl, East Rutherford, NJ 07073

SPPP Form 6 – Ordinances

All records must be available upon request by NJDEP.

Ordinance permit cite IV.B.1.b.iii	Date of Adoption	Website URL	Was the DEP model ordinance adopted without change?	Entity responsible for enforcement
1. Pet Waste permit cite IV.B.5.a.i	11-16-1993	https://ecode360.com/9411614	Yes	Police Department & Board of Health
2. Wildlife Feeding permit cite IV.B5.a.ii	4-18-2006	https://ecode360.com/9411631	Yes	Police Department & Board of Health
3. Litter Control permit cite IV.B5.a.iii	9-15-1998	https://ecode360.com/9412172	Yes	Police Department & Board of Health
4. Improper Disposal of Waste permit cite IV.B.5.a.iv	1-1-1982	https://ecode360.com/9412802	Yes	Police Department & Board of Health
5. Containerized Yard Waste/ Yard Waste Collection Program permit cite IV.B.5.a.v	4-18-2006	https://ecode360.com/9412971	Yes	Board of Health or Borough Engineer
6. Private Storm Drain Inlet Retrofitting permit cite IV.B.5.a.vi	6-20-2006	https://ecode360.com/9412981	Yes	Borough Engineer, DPW & Police Department
7. Stormwater Control Ordinance permit cite IV.B.4.g and IV.B.5.a.vii	6-20-2006	https://ecode360.com/9412981	Yes	Borough Engineer, DPW & Police Department
8. Illicit Connection Ordinance permit cite IV.B.5.a.vii and IV.B.6.d	5-13-1986	https://ecode360.com/9412725	Yes	Borough Engineer, DPW & Police Department
9. Optional: Refuse Container/ Dumpster Ordinance permit cite IV.E.2		https://ecode360.com/9415740	Yes	Borough Engineer, DPW & Police Department
Indicate the location of records associated with ordinances and related enforcement actions:				

SPPP Form 7 – Street Sweeping

All records must be available upon request by NJDEP.

1. Provide a written description or attach a map indicating which streets are swept as required by the NJPDES permit. Describe the sweeping schedule and indicate if any of the streets are swept by another entity through a shared service arrangement.

Every street within the borough is swept on a weekly basis. All street sweeping is done internally.

2. Provide a written description or attach a map indicating which streets are swept that are NOT required to be swept by the NJPDES permit. Describe the sweeping schedule and indicate if any of the streets are swept by another entity through a shared service arrangement.

All streets within the borough are swept.

3. Does the municipality provide street sweeping services for other municipalities? If so, please describe the arrangements.

No.

4. Indicate the location of records, including sweeping dates, areas swept, number of miles swept and total amount of wet tons collected each month. Note which records correspond to sweeping activities beyond what is required by the NJPDES permit, i.e., sweepings of streets within the municipality that are not required by permit to be swept or sweepings of streets outside of the municipality.

All records related to street sweeping are kept within the DWP Building

SPPP Form 8 – Catch Basins and Storm Drain Inlets

All records must be available upon request by NJDEP.

1. Describe the schedule for catch basin and storm drain inlet inspection, cleaning, and maintenance.
All catch basins are inspected yearly. Maintenance and cleaning of catch basins are performed as necessary after catch basin inspections.
2. List the locations of catch basins and storm drain inlets with recurring problems, i.e., flooding, accumulated debris, etc.
There are no recurring problems.
3. Describe what measures are taken to address issues for catch basins and storm drain inlets with recurring problems and how they are prioritized.
N/A
4. Describe the inspection schedule and maintenance plan for storm drain inlet labels on storm drains that do not have permanent wording cast into the design.
When storm inlet castings are replaced/updated they are replaced with castings that have permanent wording casted into the design. Any storm inlets without permanent wording are yearly inspected and will be relabeled if needed.
5. Indicate the location of records of catch basin and storm drain inlet inspections and the wet tons of materials collected during catch basin and storm drain inlet cleanings.
Records are kept in the DPW Building.

SPPP Form 9 – Storm Drain Inlet Retrofitting

All records must be available upon request by NJDEP.

1. Describe the procedure for ensuring that municipally owned storm drain inlets are retrofitted.
Inlets are retrofitted as needed during road reconstruction projects.
2. Describe the inspection process to verify that appropriate retrofits are completed on municipally owned storm drain inlets.
Retrofitting inlets are included with paving projects and are pay items. Municipal engineer inspects as well as DOT as applicable.
3. Describe the procedure for ensuring that privately owned storm drain inlets are retrofitted.
Site Plans are reviewed by the Board and municipal engineer and details for inlets are provided. Storm inlets that are part of private parking lots are reviewed when the parking lots are resurfaced
4. Describe the inspection process to verify that appropriate retrofits are completed on privately owned storm drain inlets.
General site inspection though construction.

SPPP Form 10 – Municipal Maintenance Yards and Other Ancillary Operations

All records must be available upon request by NJDEP.

Complete separate forms for each municipal yard or ancillary operation location.

Address of municipal yard or ancillary operation:

300 Hackensack Street and 2 Maple Avenue

List all materials and machinery located at this location that are exposed to stormwater which could be a source of pollutant in a stormwater discharge:

Raw materials – N/A

Intermediate products – N/A

Final products – N/A

Waste materials – N/A

By-products – N/A

Machinery – Backhoe, Pickup Trucks, Loader, Garbage Trucks

Fuel – N/A

Lubricants – minimal amounts on self, found in right-to-know

Solvents – minimal amounts on self, found in right-to-know

Detergents related to municipal maintenance yard or ancillary operations – N/A

Other – N/A

For each category below, describe the best management practices in place to ensure compliance with all requirements in permit Attachment E. If the activity in the category is not applicable for this location, indicate where it occurs.

Indicate the location of inspection logs and tracking forms associated with this municipal yard or ancillary operation, including documentation of conditions requiring attention and remedial actions that have been taken or have been planned.

1. Fueling Operations

All fueling is done at the Rutherford DPW Building as part of a shared service.

2. Vehicle Maintenance

All vehicle maintenance is done at 300 Hackensack Street

3. On-Site Equipment and Vehicle Washing

See permit attachment E for certification and log forms for Underground Storage Tanks.

All vehicle washing is done at 300 Hackensack Street

4. Discharge of Stormwater from Secondary Containment

N/A

5. Salt and De-Icing Material Storage and Handling	
Salt is stored at 2 Maple Avenue in a covered salt shed.	
6. Aggregate Material and Construction Debris Storage	
N/A	
7. Street Sweepings, Catch Basin Clean Out and Other Material Storage	
Street sweeping materials are put into a roll off container located at 2 Maple Avenue.	
8. Yard Trimmings and Wood Waste Management Sites	
Yard trimmings are pick up and brought to Natures Choice in North Arlington.	
9. Roadside Vegetation Management	
Trim and remove as needed.	

SPPP Form 11 – Employee Training

All records must be available upon request by NJDEP.

A.	<p>Municipal Employee Training: Stormwater Program Coordinator (SPC) must ensure appropriate staff receive training on topics in the chart below as required due to job duties assigned within three months of commencement of duties and again on the frequency below. Indicate the location of associated training sign in sheets, dates, and agendas or description for each topic.</p>																																	
	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 50%; text-align: center;">Topic</th> <th style="width: 20%; text-align: center;">Frequency</th> <th style="width: 30%; text-align: center;">Title of trainer or office to conduct training</th> </tr> </thead> <tbody> <tr> <td>1. B.	<p>Municipal Board and Governing Body Members Training: Required for individuals who review and approve applications for development and redevelopment projects in the municipality. This includes members of the planning and zoning boards, town council, and anyone else who votes on such projects. Training is in the form of online videos, posted at www.nj.gov/dep/stormwater/training.htm.</p> <p>Within 6 months of commencing duties, watch <i>Asking the Right Questions in Stormwater Review Training Tool</i>. Once per term thereafter, watch at least one of the online DEP videos in the series available under Post-Construction Stormwater Management. Indicate the location of records documenting the names, video titles, and dates completed for each board and governing body member.</p>																																	
C.	<p>Stormwater Management Design Reviewer Training: All design engineers, municipal engineers, and others who review the stormwater management design for development and redevelopment projects on behalf of the municipality must attend the first available class upon assignment as a reviewer and every five years thereafter. The course is a free, two-day training conducted by DEP staff. Training dates and locations are posted at www.nj.gov/dep/stormwater/training.htm. Indicate the location of the DEP certificate of completion for each reviewer.</p>																																	

SPPP Form 12 – Outfall Pipes

All records must be available upon request by NJDEP.

1. **Mapping:** Attach an image or provide a link to the most current outfall pipe map. Maps shall be updated at the end of each calendar year.

Note that ALL maps must be electronic by 21 Dec 2020 via the DEP's designated electronic submission service. For details, see http://www.nj.gov/dep/dwg/msrp_map_aid.htm.

2. **Inspections:** Describe the outfall pipe inspection schedule and indicate the location of records of dates, locations, and findings.

All stormwater outfalls are checked on a yearly basis. Records of outfall inspections are kept within the DPW building.

3. **Stream Scouring:** Describe the program in place to detect, investigate and control localized stream scouring from stormwater outfall pipes. Indicate the location of records related to cases of localized stream scouring. Such records must include the contributing source(s) of stormwater, recommended corrective action, and a prioritized list and schedule to remediate scouring cases.

All stormwater outfalls are checked on a yearly basis. Any stream scouring is logged. Records of any stream scouring are kept within the DPW building.

4. **Illicit Discharges:** Describe the program in place for conducting visual dry weather inspections of municipally owned or operated outfall pipes. Record cases of illicit discharges using the DEP's Illicit Connection Inspection Report Form (www.nj.gov/dep/dwq/tier_a_forms.htm) and indicate the location of these forms and related illicit discharge records.

Note that Illicit Connection Inspection Report Forms shall be included in the SPPP and submitted to DEP with the annual report.

The Borough of East Rutherford utilizes the Police Department for report of illicit connection and illegal dumping.

The borough engineer performs yearly inspections of all known outfalls.

SPPP Form 13 – Stormwater Facilities Maintenance

All records must be available upon request by NJDEP.

1.	Detail the program in place for the long-term cleaning, operation and maintenance of each stormwater facility owned or operated by the municipality.
N/A	
2.	Detail the program in place for ensuring the long-term cleaning, operation and maintenance of each stormwater facility NOT owned or operated by the municipality.
N/A	
3.	Indicate the location(s) of the Stormwater Facilities Inspection and Maintenance Logs listing the type of stormwater facilities inspected, location information, inspection dates, inspector name(s), findings, preventative and corrective maintenance performed.
N/A	
<p>Note that maintenance activities must be reported in the annual report and records must be available upon request. DEP maintenance log templates are available at http://www.nj.gov/dep/stormwater/maintenance_guidance.htm (select specific logs from choices listed in the Field Manuals section).</p>	
<p><i>Additional Resources: The NJ Hydrologic Modeling Database contains information and maps of stormwater management basins. To view the database map, see https://hydro.rutgers.edu. To download data in an Excel format, see https://hydro.rutgers.edu/public_data/.</i></p>	

SPPP Form 14 – Total Maximum Daily Load Information

All records must be available upon request by NJDEP.

1. Using the Total Maximum Daily Load (TMDL) reports provided on www.nj.gov/dep/dwq/msrp-tmdl-rh.htm, list adopted TMDLs for the municipality, parameters addressed, and the affected water bodies that impact the municipality's MS4 program.

2. Describe how the permittee uses TMDL information to prioritize stormwater facilities maintenance projects and to address specific sources of stormwater pollutants.

SPPP Form 15 – Optional Measures

All records must be available upon request by NJDEP.

1. Describe any Best Management Practice(s) the permittee has developed that extend beyond the requirements of the Tier A MS4 NJPDES permit that prevents or reduces water pollution.

2. Has the permittee adopted a Refuse Container/Dumpster Ordinance?

Yes

<https://ecode360.com/9415740>
